WELCOME

TO JÖRG EGGER, YOUR EXPERT  
IN CLASSIC CAR PAINTING

# WHEN TRADITION MEETS INNOVATION AND EXCELLENCE IS THE STANDARD.

”

I am a native Swiss, but I have lived and worked in Salzburg for many years. My work is characterized by an unparalleled passion and a relentless pursuit of perfection. Over the decades, I have restored countless classic cars to museum quality, continuously expanding my knowledge of traditional painting techniques.

However, my role goes beyond that of a restorer. In my 35 years as a car painter, I have tirelessly experimented with unconventional materials and processes to find innovative solutions that optimize the painting process and improve the quality of the final result. My specialty lies in finishes such as piano lacquer, nitro lacquer, and thermoplastic coatings. Through my unique approach, I have successfully preserved traditional painting craftsmanship, combined it with innovative methods, and integrated it into the modern world. Now, my goal is to pass on this expertise.

# TRAINING & SKILL ENHANCEMENT PROGRAMS

„Training and skill enhancement programs play a crucial role in setting quality standards and increasing productivity, while also fostering a sense of appreciation among employees. In this way, they play a key role in securing a company’s sustained success.“

**JÖRG EGGER**

# IT'S TIME TO CHANGE OUR WAY OF THINKING

Qualified workers are in short supply, and companies must ensure that their employees feel valued and supported to maintain their loyalty and boost productivity. A proven method to achieve this goal is by offering training and development programs. These initiatives enhance employees' skills, increasing their efficiency, productivity, and work quality. Furthermore, training strengthens employee retention and motivation by fostering an atmosphere of continuous growth. The focus of the training is on sanding techniques, painting techniques, and finishing, covering the proper use and combination of materials. I offer training in the following two areas:

- /Accident repair**
- /Classic car restoration**

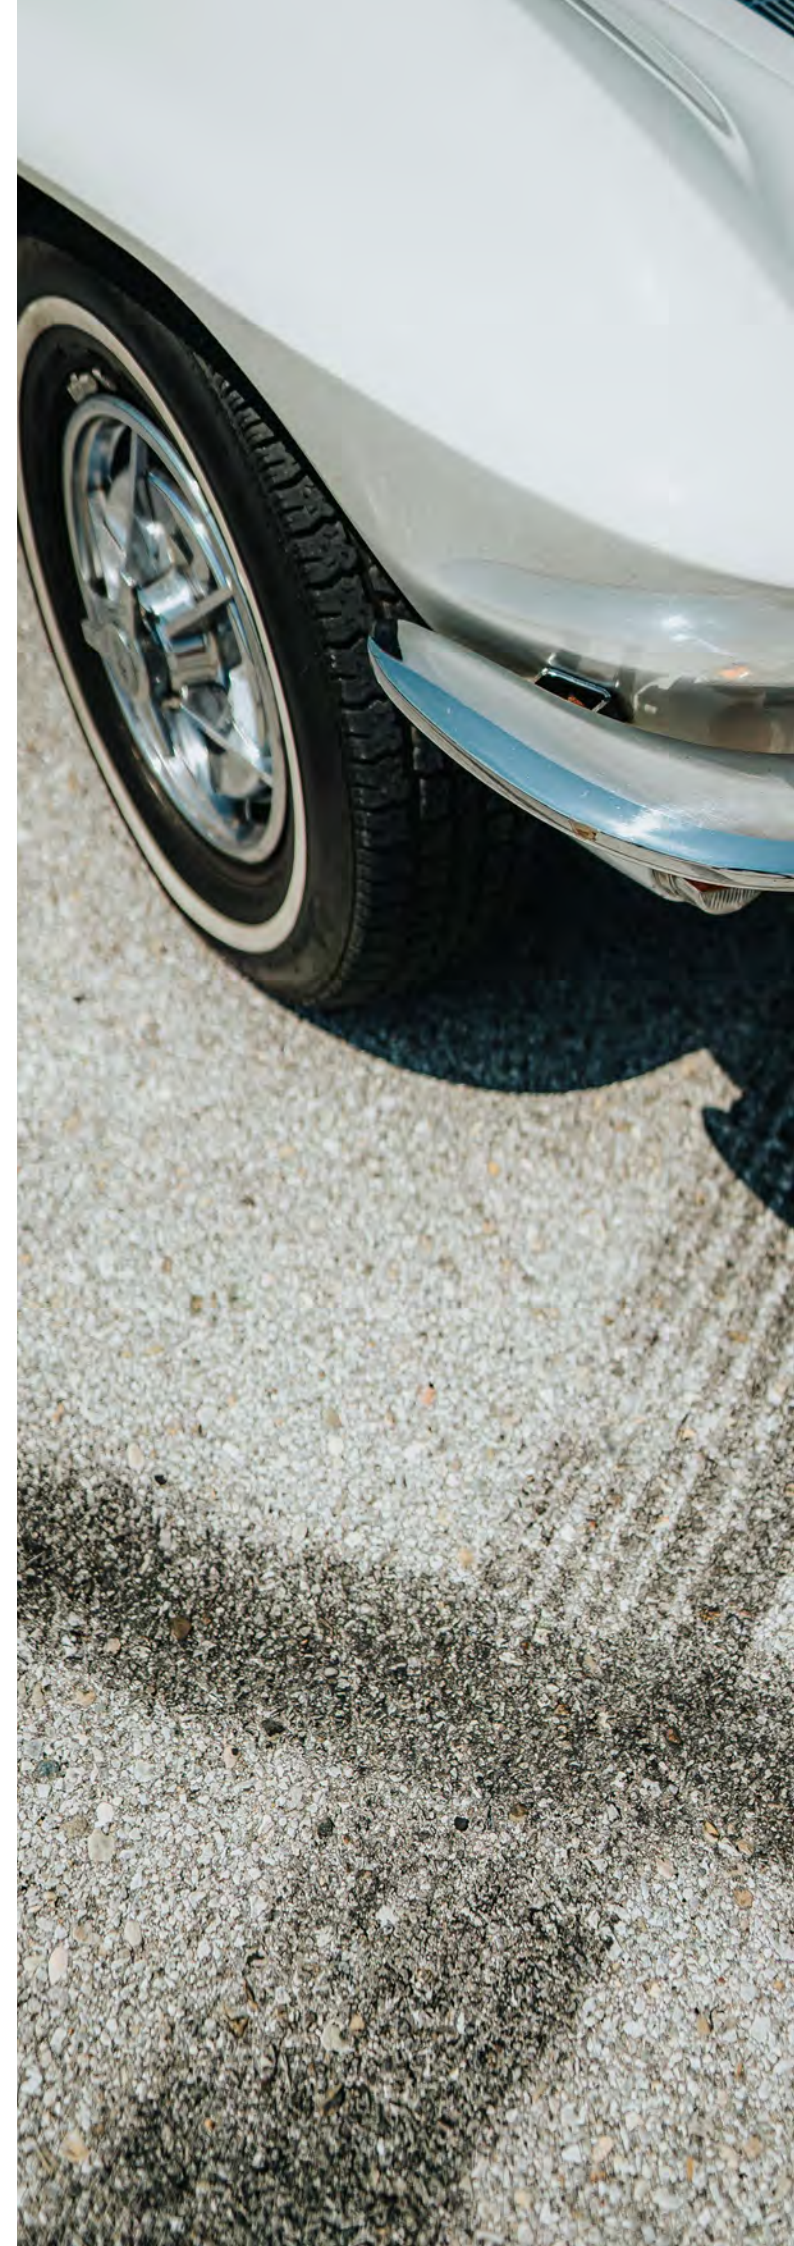

---

Feel free to reach out if you're interested in training sessions, seminars, lectures, or workshops.

## LACKADEMIE

In 2023, I launched the YouTube channel ,Lackademie - A Paint Professional Tells All! In my videos, I provide a detailed analysis of the entire process of classic car painting and openly share which steps I take during a restoration, when and how I perform them, and which materials are used. My goal is to preserve the traditional craftsmanship of classic car painting and to pass on my knowledge to anyone interested. In an era where technological advancements in painting often focus on part replacement rather than restoration, I want to help ensure that the knowledge of classic car restoration craftsmanship is not lost. For me, a paint job is only successful if it is not only technically flawless but, above all, preserves the soul of the vehicle.

# CONSULTING

My expertise offers a holistic approach to increasing productivity, improving resource efficiency, and enhancing overall quality. Through tailored solutions and targeted actions, I not only optimize processes but also boost team morale and promote a culture of continuous improvement. With this comprehensive approach, I have helped numerous companies achieve their goals and ensure sustainable success.

- /Workshop equipment and workplace organization
- /Workflow and process optimization
- /Material selection and utilization
- /Implementation of Lean principles
- /Training of employees
- /Monitoring and measurement of performance metrics

---

I am happy to assist you. Don't hesitate to contact me with any questions!

J O E R G <sup>®</sup> J E G G E R

Renowned for my expertise in classic car restoration, I serve a global clientele who trust me with their most treasured vehicles. Throughout my career, I've had the honor of restoring cars from many prestigious brands, but my specialty lies in the restoration of British automobiles, particularly Bentley, Rolls-Royce, and Aston Martin, with a focus on refined finishes such as piano lacquer. To guarantee flawless, museum-quality results, I personally oversee every restoration from start to finish. Please feel free to contact me for a confidential consultation!
